Oscars 2026: Stars, Favorites and Big Surprises

Los Angeles, 13.03.2026 [ENA]

Hollywood is ready for the most glamorous night in world cinema. On March 15, 2026, the Dolby Theatre in Los Angeles will host the 98th Academy Awards. The ceremony will bring together the biggest stars of international cinema, highly anticipated nominees and possible surprises, as millions of viewers around the world follow one of the most famous award events in the film industry.

Hollywood celebrates world cinema:

On the night between March 15 and 16, 2026, the eyes of the world will turn to Los Angeles for the 98th edition of the Academy Awards, better known as the Oscars. The ceremony will take place at the iconic Dolby Theatre in Hollywood and remains one of the most watched media events worldwide. Millions of viewers will follow the live broadcast to discover the winners of the prestigious statuettes awarded by the Academy of Motion Picture Arts and Sciences to the best films of the year.

The season's leading contenders:

As every year, the main focus is on the films nominated in the major categories. Several productions have dominated the awards season and arrive at Oscar night as potential winners. Between auteur cinema, major Hollywood productions and independent films, the competition appears particularly balanced and open until the final vote of the Academy.

Red carpet and international stars:

Beyond the awards themselves, the Oscars night is also one of the most important social events of the year. The famous red carpet will welcome actors, directors and celebrities from around the world. The ceremony will also include musical performances and tributes celebrating the history of cinema, making the show one of the most anticipated television events of the year.

A global event for the film industry:

The Academy Awards are not only an artistic competition but also an indicator of trends within the international film industry. With movies coming from different countries and increasingly diverse genres, the 2026 edition confirms the Oscars as a global showcase for contemporary cinema. Between glamour, suspense and possible last-minute surprises, Hollywood once again prepares to celebrate the talent and creativity of the big screen.
